Introduction

Dear Friends and Colleagues,

It is a great honour and pleasure for us to invite you cordially to participate in the 9th Congress on Trends in Medical Mycology (TIMM-9), which will be held in October 11-14, 2019 at Nice-Acropolis Convention Center, Nice, France. TIMM-9 is the 9th in the series of TIMM mycological international meetings organized jointly by the European Confederation of Medical Mycology (ECMM) and the Infectious Diseases Group of the European Organisation for Research and Treatment of Cancer (EORTC-IDG).

TIMM has become an important and essential meeting in the field of fungal infections, a forum in which researchers and clinicians from all over the world present the most important advances and research findings in clinical mycology. TIMM-9 will cover all aspects of mycology with special focus on evidence-based and personalized approach to medical mycology, as well as diagnostic-therapeutic integrative efforts in the quest to improve the present knowledge of epidemiology, diagnosis, clinical course and pathophysiological mechanisms of fungal diseases. It would be the place to present recent innovations in medical mycology.

The meeting is designed for medical microbiologists, medical mycologists, hematologists, oncologists, transplant physicians, intensivists, immunologists, and all those with interest in medical mycology. We expect TIMM-9 to be at least as successful as previous TIMM Congresses, which brought together around 1,000 international delegates from all over the world. Therefore, we would like to invite you to TIMM-9 in Nice to enjoy with us excellent science in a stimulating environment.

We look forward to greeting you in Nice!

Jean-Pierre Gangneux
Olivier Lortholary
Oliver A. Cornely
Livio Pagano

TIMM-9 Executive Committee
Committees

Executive Committee
Jean-Pierre Gangneux, ECMM, France
Olivier Lortholary, EORTC, France
Livio Pagano, EORTC, Italy
Oliver A. Cornely, ECMM, Germany

International Scientific Committee
Hamdi Akan, EORTC, Turkey
Valentina Arsić Arsenijević, ECMM, Serbia
Sharon Chen, ECMM, Australia
Raoul Herbrecht, EORTC, France
Martin Hoenigl, ECMM, Austria

TIMM-9, Scientific Programme

Friday 11 October 2019

09:00 - 12:00  ECMM council meeting
12:00 - 12:30  Coffee break
12:30 - 12:45  Welcome address

12:45 - 13:45  Plenary session 1 - Tropical

PS1.1  Histoplasmosis
PS1.2  Emergomycosis

13:45 - 15:15  Parallel Symposia 1-4

Water quality (mis-)management – an opportunity for fungal contamination

S01.1  Fungal contaminants in drinking water regulation? A tale of ecology, exposure, purification and clinical relevance
S01.2  Hospital environment: water supply and containment of aerosolised fungal particles. How far must we go in times of antimicrobial resistance?
S01.3  Potential transmission pathways of clinically relevant fungi in indoor swimming pool facilities

Selected abstracts

Pneumocystis jirovecii, an airborne transmissible and human derived ascomycete showing strong pulmonary tropism

S02.1  Pneumocystis jirovecii: an obligate parasite of human lungs with unique camouflage and sex strategies
S02.2  High-throughput methodologies in molecular epidemiology of Pneumocystis jirovecii
S02.3 Airborne acquisition and transmission of *Pneumocystis jirovecii*: an update

S02.4 Pneumocystis in non-traditional risk groups

**Mucormycosis**

S03.1 Hospital related mucormycosis

S03.2 Presentation from Ramstein airbase

S03.3 The new treatment of mucormycosis

S03.4 Clinical features associated to fungal speci

S03.5 Molecular diagnosis

S03.6 Management of Mucormycosis in Low and Middle Income Countries

**MSG symposium (Trial Design in Clinical Mycology: Innovative Approaches)**

S04.1 Candidiasis

S04.2 Endemic Mycoses

S04.3 Cryptococcosis

S04.4 Aspergillosis and other molds

15:15 - 15:30 Coffee break

15:30 - 16:30 **Sponsored Diagnostic Symposium**

16:45 - 18:15 **Sponsored Integrated Symposium 1**

18:30 - 19:00 E. Drouhet lecture (ECMM)

19:00 - 20:00 Welcome reception
Saturday 12 October 2019

08:00 - 08:45  Meet the expert sessions 1-5

M01  Hematology
M02  Peadiatrics
M03  Candida ICU
M04  Diagnostics/Laboratory
M05  Tropical

08:50 - 10:00  Plenary session 2 - Highlights on fungal biology

PS 2.1  Candida
PS 2.2  Aspergillus

Selected abstracts

10:00 - 10:30  Coffee break

10:30 - 11:30  Plenary session 3 - One World One Guideline ECMM MSG-ERC (EFISG) ISHAM Guidelines initiative

PS3.1  Mucormycosis
PS3.2  Endemic
PS3.3  Rare moulds
PS3.4  Rare yeasts

11:30 - 12:30  Poster session 1

12:30 - 14:15  Lunch break

12:30 - 14:00  Sponsored Integrated Symposium 2
Parallel Symposia 5-9

Lung transplantation

S05.1 Pre-transplant assessment
S05.2 Prophylaxis
S05.2 Current guidelines

Selected abstracts

Prophylaxis during hematology malignances

S06.1 AML - in the era of FLT3 inhibitors
S06.2 ALL - there is a role for prophylaxis
S06.3 Personalised medicine / approach by genetic risk factors
S06.4 Baseline CT upon diagnosis of Acute leukemia

Paediatric Mycology (EPMyN)

S07.1 Fluconazole and micafungin dosing in neonates
S07.2 Antifungal susceptibility of paediatric candidemia
S07.3 Primary immunodeficiencies characterized by fungal infections

Selected abstracts

Immunologic Markers for Diagnosis and Treatment Stratification in Invasive Mold Infection

S08.1 Anti-Mold Immune Response: the impact of the host, the pathogen and translational implications
S08.2 Immunologic Markers for Diagnosis of invasive Aspergillosis and other invasive Mold infections
S08.3 Immunologic Markers for Treatment Stratification in Invasive Mold Infection
S08.4 Multicenter Study: Immunologic Markers for Treatment Monitoring and Diagnosis in Invasive Mold Infection

**Chronic pulmonary aspergillosis**

S09.1 The global burden of chronic pulmonary aspergillosis

S09.2 Diagnosis of CPA. Where do we stand?

S09.3 Current treatment options for CPA

S09.4 Future directions

15:45 - 16:15 Coffee break

16:15 - 17:35 Parallel Symposia 10-14

**Sensing the host**

S10.1 Phosphate acquisition and virulence in human fungal pathogens

S10.2 Hybrid histidine kinases: major sensing proteins in pathogenic fungi

S10.3 CO2 sensing in fungi: at the heart of metabolic signaling

Selected abstracts

S11 The anti-fungal pipeline

**Environment & fungal outbreaks**

S12.1 Frogs

S12.2 *Cryptococcus - gattii*

S12.3 Natural disasters

S12.4 Genomic sequencing
Fungal respiratory infections in cystic fibrosis (the ECMM/ISHAM working Group Fri-CF)

S13.1 Rasamsonia species and other emerging fungi in CF

S13.2 Immunodiagnosis of *Scedosporium/Lomentospora* infection - lessons from immunoproteomic studies

S13.3 Bacterial / Fungal interactions in the CF mucus

Selected abstracts

Teaching Medical Mycology: what, how, to whom and when

S14.1 Mycology teaching in Medical School - How much, what to choose, at what level

S14.2 Mycology teaching in Medical School - Is student demography important to what should be taught

S14.3 Specific courses outside European Continent - The Indian Example

S14.4 Teaching Clinical Laboratory Mycology - How and who is the audience

S14.5 The African example

18:00 - 19:30  Sponsored Integrated Symposium 3

19:30 - 20:30  Sponsored reception
**Sunday 13 October 2019**

**08:00 - 08:45**
Meet the expert sessions 6-10

- M6 Hematology - hematopoietic stem cell HST
- M7 Molecular diagnostics
- M8 Surgery / transplantation
- M9 Neonates
- M10 Meet Mr. and Mrs. Fungus

**08:50 - 09:50**
Plenary session 4 - Top 10 papers in Mycology

- PS4.1 Clinical mycology
- PS4.2 Microbiology

**09:50 - 10:00**
ECMM Academy and Excellence Centers: A story of success

**10:00 - 10:30**
Coffee break

**10:30 - 11:30**
Plenary session 5 - ICU - candida infections / Breaking news from Hematology and ICU

- PS5.1 Peritonitis
- PS5.2 Are the new management strategies useful?
- PS5.3 CNS infections
- PS5.4 CMV and aspergillosis in HSCT patients

**11:30 - 12:30**
Poster session 2

**12:30 - 14:15**
Lunch

**12:30 - 14:00**
Sponsored Integrated Symposium 4
14:15 - 15:45  Parallel Symposia 15-19

**Aspergillus in ICU**

S15.1 Influenza

S15.2 Invasive aspergillosis in patients with underlying liver cirrhosis

Selected abstracts

**Derma**

S16.1 *Malassezia* infections. Too insignificant to mention?

S16.2 Is resistance a problem for dermatophytosis?

S16.3 Phaeohyphomycosis

S16.4 Blastomycosis

Selected abstracts

**HIV associated crypto meningitis**

S17.1 Screening in low-resource area

S17.2 Current therapeutic strategies

S17.3 Towards having antifungal drugs in low-resource area

S17.4 Early versus delayed antiretroviral treatment in HIV-positive people with cryptococcal meningitis

S18 **Antifungal stewardship in the era of resistance**
Pneumocystis

S19.1 Diagnosis
S19.2 Pneumocystosis and HIV
S19.3 Pneumocystosis in non-HIV patients
S19.4 Pneumocystosis in neonates

15:45 - 16:15 Coffee break

16:15 - 17:45 Parallel Symposia 20-24

Candida auris

S20.1 In resource limited countries
S20.2 In the US
S20.3 Outbreak control

Selected abstracts

Immunotherapy for opportunistic fungal infections

S21.1 CAR-T cells, NK cells
S21.2 WBC transfusions
S21.3 Cytokines

Selected abstracts

NGS and mycobiota

S22.1 Respiratory Mycobiome in Chronic Airway Inflammatory Diseases and Emerging Relationships with the Host Immune Response
S22.2 Respiratory Mycobiome – A Clinical Perspective
S22.3 Characterization of indoor dust microbiota in homes of asthma and non asthma patients
S22.4 Understanding the role of the gut mycobiome in health and disease

Selected abstracts

**The funny life of C. albicans in the oral tract**

S23.1 Within-Host Genomic Diversity of *Candida albicans* in Healthy Carriers

S23.2 Rapid phenotypic and genotypic diversification after exposure to the oral host niche in *Candida albicans*

S23.3 Modulation of the Fungal-Host Interaction by the Intra-Species Diversity of *C. albicans*

S23.4 Intestinal Th17 drives airway inflammation in ABPA

**Fungal neglected tropical disease**

S24.1 Mycetome

S24.2 Chromoblastomycosis

S24.3 Sporotrichosis

Selected abstracts

18:00 - 19:00 Ben De Pauw Lectures (EORTC)

19:30 Congress dinner
Monday 14 October 2019

08:00 - 08:45  Meet the expert sessions 11-15

M11  HIV
M12  Environment
M13  Diagnostics / imaging
M14  Resistance
M15  Registries

08:50 - 10:00  Plenary session 6 - Management of IFD in paediatrics (EPMyN)

PS6.1  Biomarker based diagnostic work-up of IFD in immunocompromised paediatric patients

PS6.2  Pre-emptive versus empiric antifungal therapy in children with cancer

Selected abstracts

10:00 - 10:30  Coffee break

10:30 - 11:30  Plenary session 7 - Superficial & Derma

PS7.1  When the skin is the porter of invasive infections

PS7.2  When the skin talks for systemic infections

11:30 - 12:30  Plenary session 8 - New (antineoplastic) drugs, new risks

PS8.1  In hematology

PS8.2  In oncology

12:30  Closing TIMM-9 & presentation TIMM-10

### Conditions

* Physicians/scientists in training have to provide a written certification by the head of department.

** Emerging Economy Rate is applied to individuals (no group registrations) from low-income and lower-middle-income economies according to the World Bank listing available at the website of the World Bank.

### What is included in the registration fee?

The registration fee for delegates includes: Admission to the meeting, welcome reception, certificate of attendance, 2 lunches and all coffee breaks.

### Congress dinner Sunday

Dinner tickets are available at the price of EUR 100. Please make your reservation when you register online.

### Registration & payment

Registration is possible via the congress website. Payment can be done online by: creditard (Mastercard / Visa) or SEPA direct debit.

### Group registrations

For group registrations; please contact the congress secretariat via: timm@congresscare.com, before starting your group registration. Group registration is available for groups of 5 participants or more.

### Cancellation

Cancellations and refund requests must be submitted in writing to the congress secretariat. Cancellations made before 1 July 2019 will be refunded less 30% to cover administration costs. After this date no refunds will be given. All refunds will be made after the congress.
General information

Location
TIMM-9 will be held in the Nice-Acropolis Convention Center, Nice, France. The Nice Côte d'Azur Airport is France's second-largest international airport. It is located 15 minutes from the Acropolis (7 km from the city centre). Several hotels are situated on walking distance of the congress center. Nice has an excellent public transport system with stops in front of the congress center. For more info please check: www.timm2019.org.

Timing
The congress will start on Friday 11 October 2019 with registration, symposia, keynote lectures, sponsored symposia, opening ceremony and welcome reception. The congress will end on Monday 14 October 2019 at noon.

Abstract deadline
The deadline for abstract submission is 1st of June 2019. For more information please see the section abstracts on the congress website.

Congress language
The official language of the congress will be English. No simultaneous translation will be available.

Exhibition & sponsored symposia
A targeted group of biotechnical and pharmaceutical companies will be invited to organise a sponsored integrated symposium and/or exhibit their products and services.

Insurance
In registering for the 9th Trends in Medical Mycology delegates agree that neither the organisation nor the congress agency Congress Care is responsible for individual medical, travel or personal insurance. Delegates are requested to arrange their own travel and health insurance. The organizers cannot assume liability for changes in the program due to external circumstances.
